

EMOYA
Spa

Relax | Rejuvenate | Unwind

Welcome to Emoya Spa

Emoya Spa will pamper and spoil you with a variety of treatments while you experience the tranquil and serene sights and atmosphere unique to the Estate.

We offer an experience, not only treatments and products. Leave your worries in the change rooms along with your valuables in a locker as you robe for an Emoya Spa experience starting with a complimentary drink in the rainforest footbath area, whereafter you will be taken to the treatment room.

We cater for the individual, romantic couples as well as groups up to 40 people on our private Spa Deck. Light lunches and snacks are also available on request, served in either the Spa Lounge, with refreshments, or on the Patio by the unheated rockpool overlooking the bushveld where animals roam freely. If you are lucky, the giraffes will stop by for tea-time.

SIGNATURE treatments

Step back in time and experience a journey through the senses. Indigenous practices, products and treatments are used in creating a therapeutic voyage - embracing the cultures of the past and transcending today's stresses.

PER SESSION

A minimally invasive Microneedle roller is utilised to stimulate collagen induction and serves as a trans-dermal delivery device. This increases penetration of active skin care ingredients captured in specially formulated trans-dermal solutions. The roller consists of very fine 1mm needles. Multiple treatments are required to achieve the desired result as the treatments have a cumulative effect. Results can include improved texture and firmness, as well as a reduction in scars, pore size, and stretch marks. Assists with thickening of thin skin, acne scarring, fine lines and wrinkles and pigmentation.
